WHAT IS THE SHARE CENTRE

THE SHARE CENTRE IS IRELAND'S LARGEST ACTIVITY AND ADVENTURE CENTRE AND IS THE IDEAL WATERSIDE LOCATION FOR AN ACTIVITY BASED LANGUAGE PROGRAMME.

Located by the shore of Lough Erne, all the facilities are on site and no transportation is needed to and from the Water sports. Participants will receive Internationally Recognised Royal Yachting Association (RYA) and British Canoe Union (BCU) National Governing Body qualifications in Sailing, Windsurfing, Canoeing and Kayaking. There is no experience necessary as they are introductory qualifications (Level/Stage 1), however any candidates with prior experience will receive further tuition towards (Level/Stage 2 or above). All equipment is provided. Candidates will receive 4 x 2.5 hour sessions in each discipline.

This has been the best 2 weeks of my life. I've learnt to surf and sail and met some great, new friends.

PROGRAMME INFORMATION

THE PROGRAMME PROVIDES A WONDERFUL OPPORTUNITY FOR STUDENTS TO PRACTICE AND IMPROVE THEIR ENGLISH WITH LOCAL ENGLISH SPEAKING STUDENTS WHILE WORKING TOWARDS INTERNATIONALLY RECOGNISED SPORTING QUALIFICATIONS IN SAILING, WINDSURFING AND KAYAKING. OTHER ACTIVITIES INCLUDE A WIDE VARIETY OF LAND AND WATER SPORTS AND AN ARTS AND CRAFTS PROGRAMME COVERING OVER 30 DIFFERENT ACTIVITIES.

Send on my regards to the teachers and monitors for their professional work and attitude.

ENVIRONMENTAL EDUCATION

Environmental education is at the heart of the Share Centre and is a constantly recurring theme throughout. Students learn about their environment and how they can minimise their impact on it and help to protect it.

These activities form the core of the programme which means that a large proportion of the language learning component of the course takes place outdoors.

The unique programme at Share is based on the following 4 concepts:

- › Integration with local English speaking students on all activities
- › Learning a new skill to gain an international certification
- › Environmental education and awareness
- › Implementation of CLIL methodology (Content and Language Integrated Learning)

TUITION

QUALIFIED ENGLISH LANGUAGE TEACHERS ACCOMPANY PROFESSIONAL INSTRUCTORS ON ALL ACTIVITIES TO ENSURE AN AUTHENTIC IMMERSION EXPERIENCE AND GUARANTEE LANGUAGE LEARNING SUPPORT.

Teachers give dynamic tutorials throughout the day and students get the chance to apply their existing knowledge of English in a real context. More importantly, they learn language needed to communicate in everyday situations, such as clarifying meaning, asking questions, giving explanations, greetings, interacting naturally and everything else that arises when communicating with local speakers of the target language.

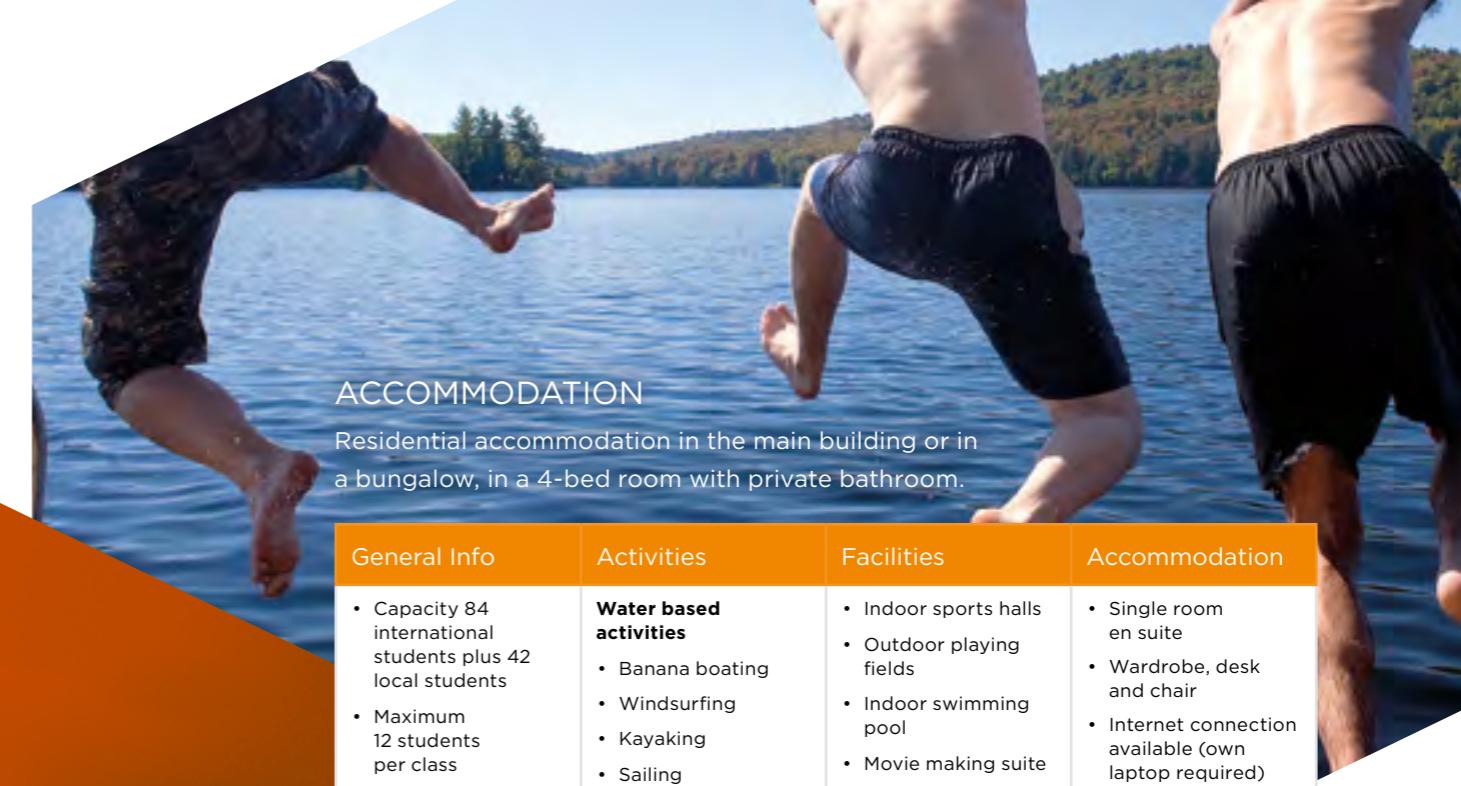

HOW DOES THIS ALL WORK?

CLIL (CONTENT AND LANGUAGE INTEGRATED LEARNING) IS APPLIED BY SCHOOLS THAT TEACH THEIR CURRICULUM THROUGH ANOTHER LANGUAGE.

The content is engaging and topical, and the programme is unique. Instead of studying 3 hours each day in a classroom students receive a full day of language learning outdoors. All numbers and ratios of local and international students are carefully considered to ensure learners maximise their use of English. Students work in small groups with many local English speakers including their qualified language teacher. The full day's language is reviewed in a 2 hour classroom session at the end of each day's activities. After each activity briefing by a qualified instructor, the language teacher steps in to clarify and check understanding of that day's activity.

SAMPLE LESSON

Teacher: "So tell me about your activities today, what did you enjoy the most? What didn't you like?" <i>Teacher and students have an informal discussion about their activity that day to develop oral fluency and to allow the students to practice English in a familiar classroom environment.</i>	Teacher: "When we were sailing today, can anyone remember what the instructor told us about the 'centre board'?" <i>Teacher elicits ideas until he/she has a sample sentence she wishes to focus on.</i>	Teacher: "Now it's your turn. We have been talking about a lot of different things, what our parents stop us from doing, what computer games stop us from doing etc. I want you to make a poster about one of these things." <i>Students work together to make a poster based on the vocabulary and grammar from earlier in the lesson. This is a communicative activity that involves speaking and practice of new language.</i> <i>Finally, students give mini presentations to each other about their poster</i>
